

VIRTUAL PROGRAM - November 9-11, 2022

NFCA SFRM and IFRM Education for DRI's & Inspection Agencies NFCA Contractor Accreditation Program

Become an NFCA Accredited Contractor

1. **Attend the NFCA Education** for SFRM/IFRM Exams & Contractor Accreditation Program Training to become NFCA Designated Responsible Individual (DRI). Attendees sent presentation slides electronically prior to event for reference.
2. **Pass the examination** (s) with a score of 80% or more.
3. **Be a NFCA Member with at least two years of experience** installing fireproofing products & 20 projects completed.
4. **NFCA CAP license Agreement:** Applicant is required to sign / return agreement with initial license fee (\$500 each / \$750 both SFRM/IFRM). Annual renewal is required with discounts for multiple accreditations (\$200 / \$250).
5. **Accreditation Seal:** Upon return of completed license agreement, company receives NFCA Contractor Accreditation Seal with company name, and a NFCA Website listing as a NFCA Accredited Contractor. This is also the first step to becoming a UL Qualified SFRM Contractor.
6. **Continuing Education:** The DRI is required to complete 10 hours of continuing education per year or 30 hours over three years to maintain the DRI Status and Contractor Accreditation. Attendance at the annual NFCA Conference satisfies the 10 hours continuing education per year.

Important information to know:

- **Register** for SFRM, IFRM or BOTH Programs. IFRM-only education starts Wednesday, Nov. 9th at 2:00 pm CST. The joint IFRM / SFRM session is Thursday morning, Nov. 10th at 8:00 am. The remaining SFRM-only session follows on Thursday afternoon, Nov. 10th at 1:00 pm CST. The testing is on Friday, Nov. 11th. See the testing times below.
- **NFCA's Handbook of Accepted Fireproofing Knowledge** and SFRM/IFRM Fireproofing Education are great ways to build a base of fireproofing knowledge for employees – and get ready for DRI Status in NFCA or UL Programs.
- **Inspection Agency personnel can prove competence to AHJ's, who approve Special Inspectors per IBC Ch17**
- **IFRM participants** must bring an electronic thickness measuring device to be used during the education & exam.

All times in Central Daylight Time (CST)

Wednesday, Nov. 9 - IFRM Education

2:00 – 3:15p	NFCA Introduction, UL Fire Resistance Directory & IFRM
3:15 – 4:00p	Primers and NFCA Technical Bulletins
4:00 – 4:45p	Measuring Thickness of IFRM Applications
4:45 – 5:00p	Break
5:00 – 5:45p	NFCA 300 Application Standard
5:45 – 6:30p	NFCA 400 Quality Control Standard

Thursday, Nov. 10 am - Joint Education Schedule for Both SFRM and IFRM

8:00 – 9:00a	Introductions & NFCA Contractor Accreditation Program
