NFCA Fireproofing Education Program

Contractor Accreditation Program (CAP) DRI Training, March 18-20, 2019

NFCA Fireproofing Training is the most important step toward becoming approved under the NFCA Contractor Accreditation Program for Fireproofing Contractors. Accreditation training and examination is available for both SFRM and IFRM. The information contained in the training will help your company achieve higher levels of estimating and installation, and be perceived as an industry leader in the market. See next page for training details.

NFCA Guest/Spouse Wine Tasting led by Master Sommelier George Miliotes Thursday, March 21, 2019

Join other NFCA Spouses and Guests at [Wine Bar George located in Disney Springs](#), and learn to taste wine like a Master Sommelier, guests will learn to taste wine like a professional with a "blind" tasting of six different wines including three reds and three whites alongside cheese and charcuterie. Arrive by 11:15 for NFCA Tasting at 11:30 a.m. until 1:00 p.m. Cost is \$135 per person.

**NFCA SFRM and IFRM
DRI Contractor Accreditation Program Fireproofing Training
March 18-20, 2019**

How to Become a NFCA Accredited Contractor:

1. Send a qualified employee to attend the NFCA Contractor Accreditation Program Training for Designated Responsible Individual (DRI) and pass the examination with a score of 80% or more.
2. DRI's are required to have two years experience involved in installing passive fireproofing; and provide a certificate or letter from your IFRM/SFRM product supplier stating you, as the company's DRI, have received product training by the supplier and have been involved in installing the supplier's product for a least two years.
3. Be a NFCA Member with at least two years of experience installing fireproofing products and 20 projects completed.
4. NFCA will send a license agreement to sign and return with the initial license agreement fee (\$500 each / \$750 both)
5. Upon return of the completed license agreement you will receive the NFCA Contractor Accreditation Seal with your company name and be listed on the NFCA Website as a NFCA Accredited Contractor.
6. The DRI is required to complete 10 hours of training per year or 30 hours over 3 years, to maintain the Accredited Contractor Status. Attendance at the annual NFCA Conference satisfies the required 10 hours of training per year.
7. NFCA Accredited Contractor pays an annual fee of \$250 for both accreditations, or \$200 for single accreditation.

Important information to know:

- NFCA CAP DRI Training is a great opportunity for contractor members to provide training to their employees regardless if they become accredited or represent the company as the DRI.
- Participants attending both the SFRM and IFRM Training begin Monday, March 18 at 1:00 pm.
- Participants attending the SFRM Training only, begin Tuesday, March 19 at 8:00 a.m.
- IFRM participants must bring an electronic thickness measuring device to be used during the training & with the exam.
- A NFCA Training Manual will be shipped to registrants prior to the training to review and bring to the training course. A grade of 80% is required to pass the exams. Test scores will be confidentially communicated to each attendee.
